INTRODUCTION

1.0 PURPOSE

The purpose of this manual is to establish personnel policies and procedures pertaining to the orderly operation of the Township. This personnel policy manual has been prepared to document and clarify policies of the Township concerning matters governing employee relations. It is not an employment contract nor is it expected or intended that the policies as written encompass sufficient details to provide answers to every specific questions or case that arises.

Modifications will be made in this personnel manual from time to time in the future as conditions warrant. In the event that employees have any questions with respect to this policy manual, they are urged to contact their immediate supervisor or the Township Supervisor.

1.1 EQUAL EMPLOYMENT OPPORTUNITY

The Township is an equal opportunity employer whose policy is to select personnel and conduct all personnel activities without regard to religion, race, sex, color, national origin, age, height, weight, marital status, or handicap condition. The Township will maintain a system of uniform and equitable personnel policies and procedures to assure equal treatment of all employees and applicants, in accordance with the law, (see Policy 9.2).

1.2 AUTHORITY

The policies and procedures contained in this manual shall take effect immediately upon their formal adoption by the Montrose Township Board. Interpretations of the manual, and exceptions to the policies and procedures, shall be made through the Township Supervisor, or his designee.

1.3 SCOPE

These personnel policies and procedures shall apply to all probationary, full-time, part-time, temporary, and seasonal employees, except where specifically noted. These policies and procedures shall not apply to individual outside contractors. Specific regulations in certain departments may restrict employees further than the provisions in this manual.

1.4 DEPARTMENT REGULATIONS

Departments may develop operational manuals listing rules, regulations, and policies applicable to employees in that department. Those departmental policies are meant to supplement Township-wide policies and procedures. If there is a conflict between the departmental policies and the Township-wide policies, the Township policies and procedures shall take precedence unless specifically stated herein or by official Board action.

When the Department Head provides any personnel or operational rules for use in his/her department, or desires a departmental policy to take precedence over these policies, he/she shall submit them in writing to the Township Board through the Township Supervisor for consideration and possible approval.

1.5 CONTRACTS

Where individual provisions of this manual conflict with or differ from individual provisions of any existing employment contract or collective bargaining agreement, the provisions of the employment contract or collective bargaining agreement shall supersede the provisions of this manual. All other provisions of this manual shall apply.

1.6 TOWNSHIP RIGHTS AND RESPONSIBILITIES

The management and the direction of the Township's department heads, the right to hire, promotion or transfer, are considered to be the responsibility of the Township Supervisor. The size of the working force, or the final decisions on discharge for cause, and the right to relieve employees from duty because of lack of work or other legitimate reasons, are considered to be the responsibility and authority of the Township Board.

1.7 REVISION

The Township may, from time to time, adopt, publish, change, and amend the rules and regulations for all employees governing discipline, health and safety, duties, rules of conduct, work rules or any other portion of the Policy and Procedure Manual.

The policies and procedures contained in this manual can only be changed by resolution of the Township Board. Employee ideas, comments, and suggestions are encouraged and are to be submitted in writing to the Township Supervisor and Clerk. These suggestions will be kept in a special file maintained by the Township Supervisor and Clerk to be reviewed at least once a year. The Township Supervisor will pass on to the Township Board any suggestions made.

1.8 DISTRIBUTION OF THE MANUAL

All employees will receive and sign for a copy of the Township Personnel Policies and Procedures Manual. A copy of the manual shall be kept in each department. If requested an applicant being considered for employment with the Township will be allowed to review the manual. Current employees will sign a form acknowledging receipt of the manual, which will be kept by the Township Clerk.

HIRING AND RECRUITMENT POLICIES

2.0 EMPLOYMENT OBJECTIVES

In order to function effectively, the employment objective of the Township is to select personnel who meet high standards of job skills, educational qualifications, availability, character, and who will become a vital part of the organization. The Township shall strive to place each employee in a position which best suits his/her aptitudes and skills.

2.1 RECRUITMENT

The Township Supervisor and the Department Heads are responsible for the recruiting process. While the recruitment process may vary slightly, the following steps will be considered by the person or persons involved in the hiring process:

A. Positions may be advertised in the local newspaper and, if applicable, may also be advertised in technical or specialized journals.

B. Posted job notices shall contain the job title, summary of duties, minimum qualifications, wage rate, application deadline, and the phrase: “An equal opportunity employer.”

C. The Township Board has final authority in hiring Department Heads, based upon the recommendation of the Township Supervisor or a committee of the Township Board created for the purpose of making a recommendation for the employment of a Department Head when deemed appropriate. The Township Supervisor and Department Head have final authority to hire employees for the respective departments, consistent with the needs and budgetary limitations of the Township and when deemed appropriate by the Supervisor through a committee appointed or created for such purpose. The Township Supervisor and Department Head shall take steps to assure that the selection process is in accordance with the law and with equal employment guidelines.

2.2 APPLICATIONS

Persons desiring employment with the Township must complete an employment application form, regardless of whether a resume is also submitted. Applications may be obtained at the Township Hall from the Township Clerk’s Office. These applications shall be returned to the Clerk’s Office.

The employment application is an important phase of the hiring process and becomes a part of the employee’s personnel record. All information submitted on the application form is subject to verification.

Following the deadline for submission of applications, the Township Supervisor, the Department Head and, if deemed necessary by the Township Supervisor, a committee may determine which applicants possess qualifications that meet the position’s minimum qualifications.

Further screening may include checking references and verifying past employment. Where applicable, applicants shall be requested to show proof of any education, license, or certification required to perform the job and shall submit, at request, to take a physical and pass drug and alcohol screening. Supplying false information pertaining to qualifications, training, and/or experience, shall be grounds for discipline, up to and including termination.

2.3 INTERVIEWS

For positions, except Department Heads, the Township Supervisor and the Department Head are responsible for interviewing applicants. For Department Head positions, the Township Board may conduct interviews, or may designate the Township Supervisor or, when deemed necessary by the Township Board, through a committee appointed or created for such purpose

The interview may be conducted to further evaluate the training, experience, and skills of the applicant, as well as inform the applicant of the salary, benefits, organizational structure, and other relevant information about the position. All applicants rejected shall be notified by the Township Supervisor or Department Head after the position is filled.

2.4 SIZE OF THE WORKFORCE

The Township Board is responsible for the creation of all positions consistent with needs and budgetary limitations of the Township. The Township Supervisor is responsible for initiating layoffs and ordering recalls, consistent with the needs and budgetary limitations of the Township and with Board approval at the next meeting of the Township Board.

2.5 EMPLOYMENT

Unless otherwise specifically provided in a collective bargaining agreement, employment contract, Township ordinance or Township Board resolution, all employees of the Township serve as just cause employees of the Township, and such employment with the Township is subject to job performance.

2.6 ORIENTATION

During the first week of employment, the employee's Department Head will explain general Township personnel policies to all new employees, including benefits and payroll procedures. The employee will also fill out the required forms for insurance and withholding taxes. Employees are encouraged to ask questions concerning the provisions of the Township Personnel Policies and Procedures Manual. The new employee's Department Head is responsible for explaining department work rules, dress code, and other information pertaining to the individual's position. When a Department Head is hired, the Township Supervisor shall conduct the orientation.

2.7 PERSONNEL RECORDS

A personnel file shall be maintained for each employee containing information necessary for effective personnel administration. The personnel file may contain all documents permitted or required by law.

The personnel files are maintained by the Township Clerk and may be viewed by the Township Supervisor and by the Department Head within their own departments. Employees are given the opportunity to periodically review their records in accordance with State Statutes. Information contained in the employee's personnel file will be released to others only upon the employee's written authorization or as otherwise provided for by law. Personnel files will be kept indefinitely after termination or 75 years after death or as long as space permits.

The security of personnel files is to be strictly maintained. Personnel files shall not be removed from the Township Office.

HOURS OF WORK

3.0 STANDARD WORKING HOURS

The Township shall schedule the work hours of employees according to the needs of the operations, and as specified by the department for which the employee works.

The Township reserves the right to establish and change work schedules as business conditions and available work require. The Township reserves the right to reduce the work week or the work day or to effect reductions in hours worked by combining layoffs and reductions in the work week or the work day.

It may, at times, be beneficial to the Township and/or employee to temporarily change an employee's work schedule.

It is the responsibility of each Department Head to see that each employee under his/her supervision understands and complies with the assigned work schedule.

3.1 LUNCH PERIODS

Employees shall be allowed a one hour, unpaid lunch hour, the time of which shall be taken at the discretion of the Department Head, unless otherwise specified by the department rules. For office employees, the normal time for lunch periods is from 12:00 noon until 1:00 p.m.

3.2 ATTENDANCE

Employees are expected to report to work on time and to observe working hours that have been established. Although some absenteeism is necessary and expected, unacceptable attendance cannot be allowed because it has a serious effect upon productivity, it reduces service to the public, and it reduces staff morale due to increased workloads on the remaining staff.

An employee is demonstrating unacceptable attendance when his/her absences form a questionable pattern, which can be defined as:

- a. Continual use of sick leave and other leave time as soon as it is accumulated.
- b. Absence from work for two days or more a month on a recurring basis. This does not include vacation time.
- c. Absence from work on sick leave on a regular continuing basis on a given day of the week such as Monday or Friday, or days following holidays or pay periods.

3.3 ABSENCE

If any employee is to be absent due to illness, injury, or disability, he/she must notify the Department Head, or designee, at least 30 minutes before the employee's starting time unless such notification is impossible.

3.4 INCLEMENT WEATHER

Provided that the employee is scheduled to work on a day of inclement weather and if the Township Office remains open but an employee is unable to reach his/her place of work, the employee may be allowed to charge the absence to a personal day, assuming such leave time has been accumulated.

The decision to close any Township Department due to inclement weather shall be made by the Township Supervisor, if he/she is available. If not, the decision shall be made by the Township Clerk or Township Treasurer, in that order of availability.

If a Township Department is closed due to inclement weather full-time employees are paid if they were assigned to work on the day of closing. This provision does not apply to essential employees, i.e. police department and fire department personnel.

COMPENSATION

4.0 COMPENSATION

The Township Board establishes pay scales for all employees and these pay scales are made the official policy of the Township by their inclusion in the annual budget adopted by the Board. Wage and fringe benefit information is public information and may be obtained by employees or by other persons through the Michigan Freedom of Information Act.

4.1 JOB DESCRIPTIONS

Current job descriptions are maintained by the Township Clerk for all positions. Each job description contains a summary of responsibilities, a list of typical duties, and required minimum qualifications. In preparing job descriptions, several factors will be considered:

- * Input from Department Heads.
- * Input from employees.
- * Consistency with other Township job descriptions.
- * Legal requirements
- * Equal employment opportunity guidelines requiring work related qualifications.

Job descriptions are reviewed annually for accuracy by the Department Heads, and any recommended changes are to be forwarded to the Township Supervisor.

If an employee feels his/her job duties have changed and a new job description should be written, the employee should make the request through the Department Head. The Department Head will forward the request to the Township Supervisor.

The Township Supervisor and Department Head may decide whether the employee's job duties have changed enough to warrant a change in the job description by the Township Board.

Changes will not be made in the job descriptions unless the employee's duties have changed significantly. Even when the duties have changed enough to warrant a revision of a job description, this does not necessarily mean that a change in compensation is warranted.

4.2 PAYROLL PROCEDURES

Paychecks will be distributed bi-weekly by the Township Clerk's office to the supervisors of the individual department. No employee's paycheck will be given to any other person except on written request, bearing the signature of the employee.

Accurate employee time sheets shall be kept by Department Heads and turned in to the Township Clerk. Falsification of time sheets is grounds for disciplinary action up to and including dismissal. Payroll deductions are made as required by federal and state law or by court order. Other deductions may be made for reasonable purposes if approved by the Township Board and employee.

If any employee feels an error has been made in the computation of his/her paycheck, this should be brought to the attention of the Township Clerk.

Garnishment of wages may occur if an employee fails to meet a financial obligation. The Township shall comply with any lawful court order to deduct a certain portion of the wage from the paycheck. Notice of garnishment will be placed in the employee's personnel file.

4.3 OVERTIME

Normally, employees will not be asked to work overtime. However, when this is the only means of accomplishing an urgent task, employees may be required to work overtime. In all such cases, overtime must be approved in advance by the Township Supervisor or Department Head unless in response to emergency conditions.

Payment for hours worked in excess of the normal workweek shall be as follows:

A: Nonexempt employees who are normally scheduled to work more than thirty-five (35) hours per week and who must, on occasion, work in excess of forty (40) hours per week will be reimbursed at one and one-half times their regular hourly rate for all hours worked in excess of 40 hours.

B: Compensatory time may be accumulated with the Department Head's approval. Compensatory time must not exceed twenty-four (24) hours in total and must be taken with advance approval from the employee's immediate Supervisor. Department Head's are responsible for assuring that proper records are kept on the accumulation and use of compensatory time not otherwise covered by contract.

4.4 HOLIDAYS AND HOLIDAY PAY

Full time employees who meet all eligibility requirements set forth in this manual shall be eligible to receive a day off from work with pay for holidays which are recognized by the Township. Employees shall be paid at their regular straight time rate for their normal daily hours depending on the number of hours normally worked. Holiday schedules shall be adopted each year by resolution of the Township Board, for each department.

All non-probationary full-time employees of Montrose Township shall be eligible for twelve (12) full day paid holidays under the following regulations:

- * Employees must work the full scheduled workday prior to, and following a holiday, in order to be eligible for such holiday pay; unless the employee submits a physician's certificate of illness for the absence, or the absence is mutually agreed to, as in the case of an approved leave, vacation, etc.
- * The employee who must work on a recognized holiday shall be granted a normal full day's pay in addition to the normal holiday pay.

The designated holidays shall be: New Year's Eve, New Year's Day, Martin Luther King Jr. Day, President's Day, Memorial Day, Fourth of July, Labor Day, Veteran's Day, Thanksgiving Day, Day after Thanksgiving, Christmas Eve and Christmas Day. Modifications to the scheduling of these Holidays may be made with Township Board Approval.

Should one of the above, recognized holidays fall within an employee's vacation, the holiday shall not be counted as a vacation day.

SAFETY/HEALTH

5.0 GENERAL SAFETY POLICY

It is the policy of the Township to attempt to provide a healthy and safe place to work for each and every Township employee. The Township shall abide by and enforce safety and health regulations as set by federal, state, and local governments. All Township employees are urged to utilize good safety and health practices as dictated by job, location, and circumstances. Employees should report any unsafe conditions or practices to their Department Head, who will investigate and report to the Township Supervisor.

Each employee shall carefully follow all safety regulations adopted by the Township and shall use all safety equipment provided by the Township. Failure to observe this requirement or to promptly file a complete and accurate accident report as required herein or to adhere to any of the Township's safety rules shall subject the employee to disciplinary action by the Township.

Employees may also be requested and subject to random alcohol and drug screen testing.

5.1 CLOTHING

Employees working in or around moving equipment should not wear loose fitting clothing, necklaces, watches, rings, bracelets or any other type of clothing or jewelry that could become entangled in or catch on such equipment.

It is the policy of Montrose Township that all employees comply with all state and federal mandated laws with respect to the use of proper wearing apparel necessary to assure a safe working environment, i.e. high visibility apparel for workers within a right-of-way and exposed to traffic or construction equipment, which meets the requirements of the Code of Federal Regulations Title 23.

While the Township has no particular requirements for dress, the clothing of all employees must be reasonably neat and clean and appropriate for the type and nature of the duties assigned to the employee.

5.2 INJURIES

A. All on-the-job injuries, even minor ones, must be reported to the employee's Department Head. Injuries must be reported as soon as possible. The Department Head shall notify the Township Clerk so that an injury report can be completed, and the Township Supervisor shall be notified as soon after as possible. Prompt compliance with this policy will assure that injured employees are properly covered by Workers Compensation insurance.

B. All on-the-job injuries shall be reported within 24 hours of occurrence. Employees should seek treatment and evaluation at a medical facility of their choice. In the event that these types of facilities are closed, personnel should seek treatment at McLaren Regional Medical Center, Genesys Regional Medical Center or Hurley Medical Center within 24 hours of injury.

C. The Township Supervisor at his discretion may request the employee to undergo an independent physical or medical examination by a physician designated by the Township, at the Township's expense, before resuming normal job duties.

D. If any part-time employee of the Township who is employed, unemployed or retired is on medical or disability leave from any other employment then and in that event such status shall not serve to disqualify that employee from performing their work activities for the Township, unless it is established through independent medical examination or otherwise that the employee's ability to perform his work activities for the Township is impaired or limited. It shall be the employee's responsibility to notify their immediate supervisor of the above-mentioned conditions. Failure to do so may result in discipline up to and including termination. In making that determination, the Township may require that the employee undergo an examination by a medical professional chosen by the Township and at the Township's expense, to assist the township in determining whether that employee is able to perform his/her work activities for the Township. The physical examination may be performed by a physician, chosen by the employee, if the Township approves of the physician and the employee bears the cost of such physical examination.

5.4 DISCIPLINE

Discipline and Discharge Clause. Disciplinary Action.

A. In any case where an employee displays behavior, which is deemed by his or her Employer inappropriate, or as a result of some action creates undesirable results which require disciplinary action, the Employer, where appropriate, shall follow the following disciplinary sequence:

1. Oral/Verbal Warning.

The Department Head shall be notified of any oral/verbal warning issued by an immediate supervisor within 24 hours.
